

## 2-wired Network Heat Detector

- ✚ SMT manufacture technology;
- ✚ Low standby current;
- ✚ Anti-RFI & anti-EMI
- ✚ 9-35V DC wide operating voltage range;
- ✚ LED visible in 360 degrees direction;
- ✚ Power supply non-polar input
- ✚ Remote LED indicator output (2 wire)

FST-LF203HCF2	
Operating voltage	DC9-35V
Static current	50uA
Alarm current	25mA@24V
Alarm output	Remote LED output
Alarm temperature	57°C
Operating temperature	-10°C ~ +50°C
