

Gas Detector

- ✚ Independent type, with LCD display;
- ✚ High reliability dual sensor design;
- ✚ Be able to work with electromagnetic valve or exhaust fan;
- ✚ MCU processing adopted;
- ✚ Malfunction auto-check indicator;
- ✚ Alarm indicator indicates gas species;
- ✚ Designed to detect Natural gas, LPG, CO
- ✚ SMT manufacture technology, high stability
- ✚ Can support 9V rechargeable backup battery

FST-LF712DSY	
Operating voltage	AC85-265V
Rated power	3W
Alarm output	Sound & LED flash alarm
Gas species	Carbon Monoxide; LPG; Natural gas
Alarm level	10%±5% LEL CO 150PPM
Drivable accessories	Electromagnetic valve
Concentration display	LCD display
