

Wireless 2 PIR Outdoor Motion Detector by 12VDC

- ✚ Independent dual element 2 PIR detection, adopts fuzzy logic digital processing technology
- ✚ Particular PIR lens and filter with anti UV and strong sunshine! IP65 water proof design, fit for fully outdoor installation
- ✚ Unique full-range temperature compensation technology, stable detection distance
- ✚ Pure wireless transmitting up to 200m, convenient installation, 315/433/868MHz for option
- ✚ Super 12VDC + built in Ni Mh batteries design, detector can work more than 30 days even if there is noelectric power!
- ✚ Remarkable circuit design, can match various kinds of wireless & wired control panels
- ✚ Pulse count optional

FST-XDF12VW	
Power Supply	12V DC
Operation power	Static:100uA; alarm:30mA
Installation height	1.5m=2.4m
Alarm lasting time	3s
Anti RFI-EMI	0.1-500MHz/3V/m
Anti white light	>10000Lux
Operation temperature	-20°C/+55°C
Operation humidity	95%RH
Detection speed	0.2m/s to 3.5m/s
Transmission frequency	315/433 MHz for option
Transmission distance	≥200m (open air, no interference)
Temperature compensation	Hyperbola compensation structure
