

Low-power Intelligent WIFI Camera Specification

Technical Specifications

- + Come and join us with affordable, wireless complete home security with Tuya cameras
- + Tuya platform is a fast-track to dominating Smart Home Market and we manufacture the cameras
- + Remotely control home appliances from anywhere

Specification

Specification	
Model NO.	T08
Product Name	Low-power Intelligent WIFI Camera
Chippest	T21Z
WIFI	MT7682 、WIFI 2.4GHz 、IEEE802.11b/g/n
PIR Distance	10 meters
SD Card Storage	Support Max 128G
LED	850/940nm IR LEDoptional,10 meters IR Distance
Indicator Light	Blue,Red
Button	Reset Button;ON/OFF Power Switch Button
Distribution network	QR Code

Add Device Methods		Add intelligently/AP Mode/Add by being shared
Video Recording		TF card recording, support mobile phone local recording,,Cloud recording
Recording Mode		Event recording/Continuous recording
Push Massage		Push in 1s
Motion Detection		PIR motion detection, high sensitivity / medium / low level adjustable
Image Sensor	Sensor	F23
	Resolution	1920*1080
	Size	1/2.9"
Lens	Focal Length	3.6MM
	Aperture	F2.4
	Perspective	Diagonal 135°
Audio	Horn	8Ω/1W
	MIC	Support, sound capture distance > 3 meters
	Intercom	Two-way voice intercom
	Echo cancellation	Own echo cancellation
	Howling	Howling suppression
Wake-up	Wake-up Method	Mobile phone remote wakeup, PIR detection wake up
	Wake up time	<500ms
Power	Battery Powered	5200mAh rechargeable lithium batteries
	External Power Supply	Micro USB Port(DC5.0V)
	Working Current	260mA/3.7V
	Standby Current	200uA/3.7V
	Standby	6 months
	USB Charge	6 hours full charge
Function		
Intelligent Detection		Self-owned intelligent detection algorithm to effectively reduce false positives

Ultra low power consumption	Intelligent power saving, long standby, 5200mAh original 18650 battery, normal use 8-12 months
Simple Distribution Network	Device configuration in just 2 steps
Quick Response	Wake up to see images up to 3 seconds, message push within 1 second
Remote Transmission	Opening space up to 100m,with obstacle up to 30m high quality image
Super Push Massage	The industry's first company can still receive news pushes when APP exits the background, solving the industry's pain points on the market.
Others	Two-way voice intercom, SD card video query, Cloud recording query,device sharing, device transfer, APP online update device firmware
General	
Operating Temperature	"-10~+60 °C
Storage Temperature	"-20~+70 °C
Mobile APP	TuyaSmart/SmartLife

Accessory

- 18650 Battery * 2
 - Mounting Bracket * 1
 - Screws + Reset Needle + Cable
- User Manual * 1

Camera

- 1、 Unit Weight: 0.38KG
- 2、 Gift Box Size: 14.8*8.5*9cm

Carton Box

- 1、Carton Dimmension: 44*31*46.5cm
- 2、Quantity: 50pcs/carton
- 3、G.W: 20kg/carton
